Online Reporting for Check-Inn

Free with Active Service Support Contract!

Securely view your Check-Inn reports from any device using our new online reporting feature. No longer will you need your clerk or night auditor to email you reports. You can now view your daily status report, financial reports, and more using the online dashboard.

Here is how to get started:

1. Update your Check-Inn software to the latest version (Release 59 or higher)
2. Click the Support button in the top-right corner of Check-Inn
3. Once on the support screen, click the Webservices button and click Yes to the "Do you wish to download, install, and run?" message
4. Follow the installation instructions until Webservices is running
5. Click on the Webservices icon in the system tray to view the client (look for the lightning bolt icon ⚡)
6. Enter any ADMIN password from Check-Inn and a valid email address to activate your account
7. We will send a password reset email to the address provided
8. Follow the instructions in the email to reset your online dashboard password
9. Start requesting reports!

New ID Scanner Available Now!

$500 each

Innsoft is excited to announce our new Advanced ID scanner the 690GT, which will be replacing our current offering, the DP687. **ID scanners for Check-Inn can only be purchased directly through Innsoft with an active service contract.**

- Allows you to scan a color image of your guest's ID and attach it to the guest record
- Scans up to four images per room
- Pre-fills data from the 2D barcode into Check-Inn

Now scans IDs in less than 2 seconds!

Check out the demo video: www.innsoft.com/advanced-id-scanner/

Coming Soon – New Signature Pad

You've asked. We've listened! Innsoft will soon be expanding its signature pad offerings by adding a new larger color signature pad for $800.

Featuring:

- Color LCD Screen with 4.6" x 3.4" signing area
- Add multi-page agreements with the ability to format text
- Add your color company logo to display when signature pad is idle
